

A220 – 3rd Sprint

Due Date: 05/23/2021 23:59

Group Name:

Group Members:

For the last part of the group project you will need to make changes as well as adding more work product to your document. For instance vision/scope will be revised/modified and you will add more requirements to be developed. Here is the checklist and guideline for the Final document to be submitted:

1. A Cover Page (includes Project Title, Iteration (sprint) Name, team title, names of the students, submission date, course title, and instructor name)
2. Revision History (Changes to the document since last sprint)
3. Table of Contents (chapter titles, page numbers)
4. Revised project plan (Explain changes on the planned project since 2nd iteration)
5. Use-case diagram (One diagram for 3 sprints)
6. Add 5 more **Use-cases** (textual)
 - ✓ All together you will have 15
7. Add 5 new **User stories** based on new added requirements.
 - ✓ You will have 15 user stories for 3 Sprints that should be included in this document.
8. Sprint Backlog Screen shots of your Trello Kanban-Board or if you have not used Trello take photos of your papers and add them to your WORD file.

Development, Test and Documentation

9. Revised Class diagram (One diagram including all the classes)
10. Revised CRC cards(if any class has been added since 2nd iteration)
11. 10 Test Cases based on the template.
12. 5 state diagrams for 5 objects
13. User manual – Screen shots of your working product with explanation on How to use your system.
14. References (if any, list references here, and cite them in appropriate places in the report)

What to turn in?

- Word/Pdf document should be submitted on Canvas. (Order of the items is not important)
